Anyone wishing to add or delete a name, or change details, should contact apocpcontrol@yahoo.com. To indicate the area of speciality a simple coding system has been employed: **BN**, brain and nervous tissue; **BR**, breast; **CC**, childhood cancer; **CE**, cervix; **CR**, colorectum; **EN**, endometrium; **FF**, food; **GB**, gallbladder; **GE**, general epidemiology; **GO**, governmental organization; **HP**, health promotion; **KI**, kidney; **LI**, liver; **IM**, imaging; **LL**, lymphoma/leukemia; **LU**, lung; **ME**, molecular epidemiology; **MO**, medical oncology; **OC**, oral cavity; **OE**, oesophagus; **OV**, ovary; **NGO**, non-governmental organization; **NP**, nasopharynx; **PA**, pathology; **PAL**, palliative care; **PC**, pancreas; **PE**, pediatrics; **PL**, pharynx/larynx; **PS**, patient support; **RO**, radiation oncology; **SC** screening; **REG**, cancer registration; **SK**, skin; **ST**, stomach; **SU**, surgery; **TC**, tobacco control; **TH**, thyroid; **TP**, toxicological pathology; **UT**, urinary bladder. The order of countries is from West to East, rather than alphabetical, so that geographical proximity is given priority, then cities/states and institutions/departments/individuals are listed alphabetically.
